

SLAVERY AND HUMAN TRAFFICKING STATEMENT

Life Science REIT plc is committed to maintaining the highest standards of ethical behaviour and expects the same of its business partners. The use of slavery and human trafficking is unacceptable and entirely incompatible with its ethics as a business. Life Science REIT plc believes that all efforts should be made to eliminate it from its supply chains.

Given what Life Science REIT plc understands to be a low risk profile of anyone supplying it with services being involved in slavery and/or human trafficking, it believes its current procedures and ability to rely on regulatory oversight in relation to professional services are sufficient in this regard.
